

STRATEGIC MINDSET

8

Behaviours & Actions Leaders Demonstrate

1. Leaders Are Forward Thinking

They learn from listening, make the complex simple, and articulate a clear and inspiring vision

3. Leaders Understand Risk

They set clear expectations and are always looking for opportunities that align with company goals

5. Leaders Impactfully Allocate Resources

They focus on the overarching goals of the organization, and don't get lost in the minutiae

7. Leaders Learn From The Past

They have a keen ability to take disparate information and identify patterns and trends

They have the foresight to consider how today's decisions will impact the future and are masters at adapting

2. Leaders Are Impactful Communicators

They are skilled at identifying potential risks, and developing contingency plans to mitigate them

4. Leaders Identify Opportunities

They excel at allocating resources in a way that maximizes the achievement of long-term objectives

6. Leaders Understand The Big Picture

They impactfully leverage historical data and past experiences to plan and guide future strategies

8. Leaders Effectively "Connect The Dots"
